

THE PRINCE OF PEACE

The Prince of Peace
Was bruised
Crushed, battered
chastised, broken

Falsely accused, vilified, spat upon, ridiculed, abused, tormented, rejected for us
He laid down His life for you and me, was
The fountain of His blood flowed and
But through that atonement He made a

crucified, dying a cruel death on the cross
flowed until it was empty, dry
way for us to end our night and sigh

He purchased our peace-
Peace with God .
Reconciled those
In the Rebel force.
He broke the chains
of sin and shame;
And took the keys
Of death and Hades
For all who come;
For all who turn
From their night.
Into His Light
Alleluia!
